Notes:

* The institutions were transitioning to a new system, values reflect the new system.

Client HW Platform: P = PC, M = Macintosh, U = Unix, X = Xterminal, T = Ascii Terminal

Support FTE: S = Students

@ Email is only part of these FTE's responsibilities.

Accounts represent either the current number or the Fall '96 estimates.

At UCSB several thousand other student accounts are on other systems.

The UCI numbers relate to the student-only EA system. Faculty, staff and some students are on a different system.
